SENATE WITHOUT  
POWER TO SENTENCE  
IN CONTEMPT CASECASE GREW OUT AIR MAIL  
INVESTIGATION BEFORE  
UNITED STATES SENATE

WASHINGTON, July 9.—(AP)—The District of Columbia court of appeals today reversed a lower court ruling and held the senate did not have the power to sentence William P. MacCracken to 10 days in jail for contempt in connection with the air mail investigation.

MacCracken, former assistant secretary of commerce for aeronautics, and L. H. Brittin, former vice president of the Northwest Airways, Inc., were found guilty by the senate February 14 and sentenced to 10 days in jail. MacCracken contested the legislative body's decision.

Justice Daniel W. O'Donoghue, of the District of Columbia supreme court, later held the senate had the constitutional right to sentence MacCracken, in connection with disappearance from his offices of airway contract papers that he sent to subversives by the senate.

The majority in the three to two ruling by the higher court today declared:

"Unless there is to be an intermingling of the legislative and judicial power to deal with contempt, thereby rendering it possible in all cases as a matter of legislative power summarily to try the one accused without subjecting him to the statutory modes of trial provided for criminal offenses, protected by the limitations and safeguards of the constitution, then we must and do declare that the senate is without jurisdiction to impose punishment on the petitioner."

Frank J. Hogan, MacCracken's counsel, contended in his petition to the court, as he did on the senate floor, in the celebrated February trial that the senate was without constitutional power to sentence a person for a past contempt.

Had Purg'd Self of Charges.  
MacCracken had purged himself of the charges by seeing to it that the missing papers were

Farmer Dies of  
Rattlesnake Bite  
Near Goldthwaite

GOLDTHWAITE, July 9.—(AP)—A rattlesnake bite had brought death today to Thomas J. Harrison, pioneer of this county. He was alone when the reptile slithered him and it took him before he could receive medical attention.

Harrison had farmed in this county for 40 years. Form early he lived at Waco and at Crawford.

NEW YORK OFFICIALS CALL  
UPON SCIENCE TO PASS UPON  
SIAMESE TWIN WEDDING PLANSYOUNG OKLAHOMAN  
CONFESSES MURDER  
THREE HENCHMENRECENT TRIPLE SLAYING IS  
BELIEVED CLEARED; SAYS  
PALS FRAMED HIM

McALESTER, Okla., July 9.—(AP)—In the hands of County Attorney Frank Watson today was a signed confession of a young hill country bad man admitting the premeditated slaying of three alleged accomplices in petty thievery.

Watson said he also had positive information that the triple slayer, Bun Riley, 25, a Canadian, Okla. native, plotted the death of George Baker, another man held in the Pittsburgh county jail for questioning in the outrage, and that Riley planned to "plant" on the body of the prospective victim a note which would have incriminated Baker as the killer of Homer Beasley, Hobart Watkins, and William Gann, whose bodies were found in a lonely canyon near Canadian June 25.

After signing the confession last night, Riley was taken from the jail to the state penitentiary here for safe keeping. He told Watson he would plead guilty to the three first degree murder charges which were filed against him last week. Riley said he had planned for months to kill the three, and had told them as much. They were implicated with him, he told Watson, in a series of burglaries and small holdups extending over a

Four Prisoners  
Escaped Lamar  
Jail Last Night

PARIS, July 9.—(AP)—Four prisoners escaped from the Lamar county jail last night, sawing out of their cell and cutting window bars in an outside wall so silently that guards had no idea what time the break occurred.

The four were Eugene Legg, held for Bowie County on charge of murder; Robert L. Pringle, held on a federal charge of violating the postal laws; O. B. Nichols, charged with chicken theft; and Jesse Lancaster, charged with theft. A fifth prisoner in the cell refused to take part in the break for liberty.

The prisoners sawed a hole in the wall of their cell, thus gaining access to a corridor. Then they sawed bars in an outside window and, by means of a rope improvised from blankets, climbed down to the ground.

WESTBROOK HOTEL  
OF FORT WORTH IS  
ROBBED BY 2 MENCASH DRAWER LOOTED AND  
GUESTS' LOCK BOXES  
TAKEN BY BANDITS

FORT WORTH, July 9.—(AP)—The Westbrook Hotel was robbed of \$2,000 and an undetermined amount taken from guests' lock boxes in an early morning holdup today.

Two young gunmen, identically dressed in linen trousers, Panama hats and colored glasses, held up J. K. Wakefield, night clerk, and other employees shortly before 5 o'clock, looted the cash drawer, gathered up a number of lock boxes and escaped in a new black sedan.

Officers believe the pair had originally intended to hold up the Westbrook Hotel and apparently were frightened away. Stanley D. McKown, night clerk at the Worth, said that two men fitting the description of the robbers pulled up before the hotel on the wrong side of the street and looked into the lobby.

McKown looked out of a window and heard one of the men say, "Let's get going." With that the pair sped away.

Wakefield was making out his night report when he heard someone at the desk and looked up to see a young man with a heavy revolver.

"Lie down," the robber commanded, and hurried the desk. He gathered up an armful of the lockers and rifled the cashier's drawer.

Meanwhile the second robber was rounding up J. D. Starkey, elevator man, and C. C. Christian and William McCococco, negro bell boys. They were forced to

Texans Sought  
Lodging State  
Prison Illinois

JOLIET, July 9.—(AP)—Two men drove into the marble reception room of one of this city's best known buildings. Depositing their luggage in front of the desk, pushed back their hats and announced:

"We want a room and bath for the night. What are your rates?" This was a new one on Joseph Smith, reception clerk at Stateville Prison, but he controlled his emotions and replied:

"Our rates are the lowest in the state, but we do not accept guests for less than a year."

The strangers identified themselves as Harry Ramsey and Donald Brich of Amarillo, Texas, and explained that they were on their way to Chicago. Not wishing to arrive late at night, they asked a filling station attendant to direct them to a good hotel.

HUSSION AND REED  
ANNOUNCE INTENTION  
QUIT RELIEF BOARDQUORUM FAILS TO APPEAR  
AND NO BUSINESS TRANS-  
ACTED ON MONDAY

AUSTIN, July 9.—(AP)—Two members of the Texas relief commission, Ed Hussion of Houston and Jack Reed of Junction, today announced their intention to resign from the board, the action coming at a meeting of the commission in which Adam Johnson, director, walked out after what he termed a "lecture" by Hussion.

Reed said he would resign before the next meeting of the commission. Hussion indicated his resignation would be forthcoming immediately.

Both Reed and Hussion called on other members of the commission to resign in the interest of harmony.

ANOTHER AMERICAN  
WOMAN QUESTIONED  
IN SPY ACCUSATIONPAULINE JACOBSON LEVINE  
ORDERED BEFORE PARIS  
MAGISTRATE MONDAY

PARIS, July 9.—(AP)—An American woman, Pauline Jacobson Levine, 32, was ordered to day by magistrate Andre Benon to appear for questioning in a new drive to clean up an alleged international ring of spies.

She was to be questioned regarding her relation to Mr. and Mrs. Robert Gordon Switz, of New Jersey, who have been held in a Paris jail for several months under espionage charges.

Six other summonses or warrants were issued in connection with the alleged espionage service with which the Switzes are linked.

These included three women and three men. One of the women ordered to appear was Mrs. Marie Schul Martin, alleged chief of a section of the ring operating in Finland.

The Martin woman was said to be close friend of Mme. Lydia Stahl, 48-year-old, dark-haired divorced wife of a New York business man, who police say was an intermediary between a French espionage band and one in Finland.

Authorities declared their latest investigations reveal that information was being gathered all over Europe, including France, concerning the gas and microbe warfare.

Investigations into atmospheric possibilities were also being investigated, it was indicated.

"The new discoveries indicate that we are on the trail of developments of the first order," said one of the French investigators.

## INSPECTS NORRIS DAM HOMES

Mrs. Franklin D. Roosevelt (left) with one of her companions, Miss Nancy Cook, is shown inspecting one of the model homes built for families of Norris Dam workers on the Norris Dam site on Clinch River, near Knoxville, Tenn. Mrs. Roosevelt described the all-electric homes as "wonderful."

CONSOLIDATED ROAD DISTRICT  
NO. 1 PROGRAM IS COMPLETED;  
RUSH PLANS FOR HIGHWAY 22

Completion of the extensive road construction program as provided for in the original bond issue petition in Consolidated road district No. 1 when drawn and adopted by the citizenship in 1927 was registered Monday afternoon when the 6.3 miles of Highway 22 from a point northwest of Pinkston into the Corsicana State Home road was finished.

The original bond issue petition called for the issuance of bonds in the sum of \$2,680,000 to retire outstanding bonds within the district and to provide \$2,750,000 plus the interest on the bonds before their sale as well as interest on daily bank balances since that time for new roads.

Every road called for in the original bond petition, including optional roads, has been constructed.

The State of Texas has participated in the construction of state highways in all directions and although engineers and officials hesitate to hazard an estimate of the money expended for roads within the district and on Highway 22 east and Highway 31 east from the district lines, due to the fact that the records on Highway 22 bridge to span Chambers creek in progress at Austin. It is expected the Chambers creek bridge will cost \$100,000.

M. L. Bowers, resident state highway engineer, announced Monday that the plans and specifications for Highway 22 from the district line to the Hill county line via Barry, Blooming Grove and Frost, are back in the divisional engineers office in Dallas from the state headquarters in Austin.

The making of plans and specifications for Highway 22 from the district line to the Hill county line via Barry, Blooming Grove and Frost, are back in the divisional engineers office in Dallas from the state headquarters in Austin.

WEST PATERSON, N. J., July 9.—(AP)—Charles "Mickey" Norman, 34, is trying to break the habit of a lifetime—smoking.

After two years as a cigar smoker, "Mickey" hopes because his parents wish it—to be down to a puff every day by his third birthday, July 28.

It's not that they think smoking has done "Mickey" any harm. He is healthy, lively and well-behaved. His height is 37 inches, his weight 35 pounds. The average for his age is 37 inches, and 32 to 36 pounds.

But since the world first heard a year ago that "Mickey" was a smoker, letters of protest have

BRITAIN AND FRANCE  
PLAN REINFORCEMENT  
OF LOCARNO PACTFRIENDLY, UNDERSTANDING  
BETWEEN THESE NATIONS  
AGREED UPON

LONDON, July 9.—(AP)—Informed quarters indicated tonight that reinforcement of the Locarno pact by a friendly understanding between Great Britain and France had been agreed upon during conferences today between Louis Barthou, French minister, and Sir John Simon, British foreign secretary.

It was understood in informed quarters the British told the French of their concern over the Italian program of two 35,000 ton battleships, and it was reported the French may feel unable to pursue extensively their pre-conference discussions in preparation for the 1935 naval parity.

They will be retarded, it was indicated, until the full extent of Mussolini's exact plans is revealed.

Behind the scenes pressure has been brought to bear on Italy from several quarters to bring about modification of her building program, but so far unsuccessfully.

LONDON, July 9.—(AP)—The general situation in Europe including the French-sponsored eastern security pacts, were discussed at an opening conference today between Louis Barthou, French foreign minister, and Sir John Simon, foreign secretary of Great Britain.

Disarmament in all its phases was aired at a luncheon given by

IMPORTANT MATTERS  
COME BEFORE COUNTY  
COMMISSIONER COURTHOSPITAL, CANNERY AND  
RELIEF SITUATIONS GIVEN  
GENERAL DISCUSSION

Conferences with members of the P. and S. Hospital board, A. A. Allison, postmaster, and local relief attaches relative to a proposed county cannery, and a discussion with architects and the shoring contractor on the repairs under way on the courthouse were held by the Navarro county commissioners court Monday morning.

Presentations of callings and other business were scheduled during the afternoon.

Dr. Leslie Kelton, Jr., president; C. L. Tillman, Dr. S. H. Burnett, Z. T. Banks and J. N. Garity, members of the hospital board, met with the court and discussed various details relative to the P. and S. Hospital, cost of operation, etc.

During the past year, the hospital was allowed over \$400 per month deficit and outstanding bills, July 1, are \$1,659. Dr. Kelton pointed out that the large amount of charity was the cause of the deficit. He said that he believed \$200 per month additional was necessary to retire outstanding indebtedness and operate the institution. He pointed out that no emergency cases were turned away, but many needing hospitalization were. New beds, mattresses, rugs, etc., will be necessary within the immediate future.

Two Gunmen Kill  
One Man and Rob  
Poker Players

KILGORE, July 9.—(AP)—Two masked gunmen shot Bennie Teresh to death and robbed six men playing poker here last night.

The robbers, dressed in overalls and wearing bandana handkerchiefs over their faces, came up to the screen door of the house where the game was in progress. One of the robbers fired a warning, the bullet hitting Teresh 25, in the head.

Then the robbers forced open the door, lined the six poker players up with their faces to a wall and took all the money on the table and that in the pockets of the players and escaped. They obtained about \$50 in all.

Not more than three minutes elapsed from the time the shot was fired from outside the screen door until the robbers were fleeing with their loot, players said.

A reddish-brown car containing two men was seen shortly afterward traveling at high speed toward Gladewater.

Mrs. Roosevelt  
At Fair Asks Be  
Given Chance See

CHICAGO, July 8.—(AP)—Prefacing her visit with a plea to be treated "like any other sightseer" Mrs. Franklin D. Roosevelt today began her first tour of inspection of Chicago's 1934 World's Fair.

"I'm off the record this trip," she told newspapermen in what she said would be the only interview she would grant until she meets her husband in Portland, Ore., upon his return from his vacation cruise.

Mrs. Roosevelt said she would keep her fair itinerary to herself, but that there were many things she had determined to see.

"There's one stop I'm most anxious to make," she said, "and that is to see a certain person in the interior department whom I met for the first time during my visit last summer. I mean 'Slim' Williams, that interesting man from Alaska who drove his dog team all the way to the fair. I want to see the dogs, too."

GERMANY'S FOREIGN  
POLICY OUTLINED BY  
HITLER LIEUTENANTMIXTURE OF FRIENDSHIP,  
APPREHENSION AND DEFI-  
ANCE GIVEN TO WORLD

By A. D. STEFFERUD  
(Copyright, 1934, by The Associated Press.)

BERLIN, July 9.—(AP)—Germany plans to push vigorously a friendlier foreign policy, it appeared today, fearing other countries will build political fences completely shutting her out.

Her hand was figuratively stretched out in mingled friendship, apprehension and defiance of France and the world.

A ringing pronouncement for France-German understanding, at the same time a warning that Germany will fight "as no people ever yet fought for liberty," by Rudolf Hess, trusted lieutenant of Hitler, was considered something of an about-face from a firm Nazi policy.

Addressing 12,000 Nazi chieftains at Koenigsberg yesterday, Hess said a defenseless country endangering her peace as Germany would be satisfied with the minimum arms necessary to security.

Close observers interpreted the straight from the shoulder and unprecedented address of the hands-on cabinet minister as closely tied with the visit to London of Louis Barthou, French foreign minister, in search of security agreements, and the concern of other nations over the drastic second Nazi "revolution."

Only a few weeks ago Germany emphasized that she must have many more arms and would not be dictated in short that the world must woo her friendship.

Pleds For Peace.

NRA ON THRESHOLD OF NEW  
EXPERIMENT AS JOHNSON TO  
DELEGATE POWERS TO FIVE

By WILLIAM L. BEALE, Jr.  
WASHINGTON, July 9.—(AP)—NRA came today to the threshold of a new experiment.

Hugh S. Johnson expected to clean up a batch of business before converting the recovery agency's one-man leadership into a "five man control" for the summer.

Most of the job of directing NRA will be shifted to five assistants. Johnson wants to see how NRA can get along without his hand on the helm. The try-out—which is purely informal and designed to give Johnson a chance to relax—will be also an important test of commission control.

The general's way of relaxing will be a swing across the continent to sell the Blue Eagle and put in a good word here and there for the new deal.

A last-minute rush of affairs came to his desk. Among problems that awaited his return from a week of rest and conferences in New York were:

1. Promulgation of one big code for 450 small industries. It would be simple, touching on such matters as wages, working hours, and child labor.

2. NRA's price policy awaits further clarification, especially President Roosevelt's 15 per cent "tolerance" order. This permits concerns belonging to "open price" codes to go as much as 15 per cent below listed code prices in bidding on government contracts. Steel and some other industries are reported to be seeking exemption from this tolerance.

3. NRA must select the administration member to the code authority for the billion-dollar bread industry. This code became effective today.

(Continued on Page Three)

ACREAGE ESTIMATE  
BRINGS BIG PRICE  
ADVANCE MONDAYTOTAL 28,024,000 ACRES  
UNDER CULTIVATION, ONE-  
THIRD REDUCTION

NEW YORK, July 9.—(AP)—A spirited rise in cotton futures followed publication of the government crop acreage report today. Active contracts on the New York cotton exchange jumped about \$2 a bale to levels which cancelled last week's sharp decline.

Reporting acreage under cultivation on July 1 at 28,024,582, the smallest planted to cotton since 1905, and more than one million acres below the expectation of the trade, the government's estimate prompted a heavy volume of commission house and trade buying.

The bullish import of the estimate was accentuated by the existing fears of a short crop in the western belt by reason of the long drought.

The market was inactive within a narrow range before announcement of the acreage figures at noon. Prices were about 25 cents a bale higher when trading was suspended for 20 minutes to receive the report. Within the resumption of dealings buyers found contracts scarce except at levels well above the previous day's closing prices.

A statement by the department of agriculture attributed the sharp contraction in acreage to the cotton control program of the AAA and the operation of the Bank head act.

NEW ORLEANS, July 9.—(AP)—Cotton prices skyrocketed \$1.80 per bale on the New Orleans exchange today when the bullish government acreage report was released.

The report, showing a decrease

Kidnaped Girl  
Found But Had  
Been Attacked

SHARON, Pa., July 9.—(AP)—Mary Liptak, reported kidnaped, was found by police today standing on a street corner several blocks from her home.

The 14-year-old girl said two men forced her into their automobile last night, drove her across the Ohio line and then attacked her.

She said they returned her to Sharon this morning.

The mother, who had reported the "kidnaping" to police, said she saw the men force her daughter into the car only 300 yards from her home and then drive away.

Police are investigating.

MENT NOT MADE

(By The Associated Press)  
The threat of a general strike on the Pacific Coast grew today, further complicating an already tense situation in the walkout of maritime workers.

General strike proposals gained impetus at San Francisco, Oakland, Portland and Seattle.

A longshoremen's board, recently appointed by President Roosevelt, prepared to hear grievances by maritime workers as it began hearings under the new labor disputes act. Teamsters in San Francisco and Oakland threatened to strike unless the arbitrator said toward settlement were made.

In Minneapolis a new impasse threatened between truck drivers and employers. Union leaders set Wednesday night as the deadline for employers to meet workers' demands.

Six persons were arrested in the Los Angeles hosiery strike when six bullets were fired into the automobile of a strike picket.

Violence broke out in the Ohio onion belt strike when deputy sheriffs and strikers exchanged shots. Twenty-three strikers were injured and the authorities said strikers had attempted to stop outside workers from being

# FLETCHER CHARGES CONGRESS WEAKENED BASIC GOVERNMENT

# NEW GOP CHAIRMAN SAYS POWER SURRENDERED TO PRESIDENT

JACKSON, Mich., July 7.—(AP.) Henry P. McMich, chairman of the Michigan public relations committee, delivered in an address prepared for delivery before a gathering of Republicans observing the 80th anniversary of their state today, a warning to congress "under the influence of a combination of fear and fascination has undermined democracy and weakened representative government by current misrepresentation of the president."

He said congress had yielded to the president "power and authority incompatible to these positions," Mussolini and Hitler," and added:

"The president has in turn delegated the control of the livelihood, business and property of the American citizen to a small coterie of theorizing, meddling, misdirecting, spending, lending and borrowing agencies, lettered on the Russian mode."

He said that the Republican national chairman added, "has consented to date seven billions, Con-

of at least 20 billions more. The government faces the greatest deficit in its history. An Extraordinary dollar on both these budgets (extraordinary and extraordinary expenditures) must be paid by the people of the United States or repudiated by the United States government.

He then charged the Democratic administration with taking the first steps to "emasculate" the constitution.

**Senator Vandenberg Speaks.**  
CHICKSON, Mich., July 7. (AP)—United States Senator Arthur H. Vandenberg, in an address today declared the country "is honeycombed with the most gigantic system of political payrollers in the history of the United States."

He spoke at a gathering of Republicans assembled to celebrate

and followed Henry P. Fletcher, chairman of the Republican national committee, who had accused the Democratic administration of "making the first steps to emasculate the constitution."

## Fairfield Water And Sewer Systems Soon To Get Under Way

FAIRFIELD, July 7.—(Spl).—Mayor H. L. Williford was advised Friday that the federal government had allotted \$123,000 for waterworks and sewer systems. Mayor Williford stated that he did not know just how long it would take to complete details and begin work on the project. The city council was called together in a special session. A city engineer was sent to Fort Worth to confer with officials, get forms and information as to methods of procedure.

Streetmen was allotted \$30,000 for a waterworks system.

Senators Tom Connally and Morris Sheppard and Congressman Luther A. Johnson interested

stone county projects approved.

Card of Thanks.

We wish to express our sincere thanks and appreciation to our many friends for the kindness and sympathy shown us during the recent illness and death of our darling baby.

## CODES TO BECOME PERMANENT FEATURE OF INDUSTRIAL LIFE

### REPLACEMENT OF NRA WITH SELF-GOVERNMENT INDUSTRY BEING WORKED OUT

By R. H. HIPPELHEUSER  
(Copyright, 1934, By The Associated Press.)

NEW YORK, July 7.—A plan to replace the NRA with self-government for industry, an authoritative source said today, is being formulated by President Roosevelt's administration.

Under the proposed plan codes would become a permanent feature of industry, which would govern itself under the close supervision of the federal government. General Hugh S. Johnson, NRA administrator, has taken the lead in the reformation, the Associated Press informant disclosed, and has been in New York for several days, conferring on the change.

Steps toward completion of the project were initiated by Johnson several weeks ago in a preliminary set-up submitted to President Roosevelt. Suggested revisions are being made for final approval by the president.

Although there was no immediate confirmation by the government, the source of the information—one close to the administration—said carrying out of the project is virtually assured.

Washington observers said the plan followed closely the known beliefs of General Johnson that coordination of the NRA and the federal trade commission was necessary.

Government experts have been working for months on plans to make permanent the fundamentals of the NRA and other business laws, but it was widely expected that a final permanent organization probably will wait more experience in the conduct of the NRA as an administrative agency.

To Avoid Monopoly. Special care has been taken by Johnson, it was said in New York, to avoid under the new organization the monopolistic tendencies charged against the NRA.

The federal government would watch closely to prevent any rise in prices it deemed unjustified, the Associated Press was told. "If the Sherman anti-trust act continues under suspension, its provisions would probably be guarded by a licensing system to prevent such rises."

"As a measure of protection to the smaller business and industrial man, the federal government would keep a strict watch to prevent any monopolistic tendencies."

The plan, it was believed, would also call for some guarantee of the NRA collective bargaining powers before granting industry the right to govern itself.

## GERMANY

(Continued From Page One.)

But Hess after recounting the horrors of war said:

"I say as a veteran to veterans across the border, I, as a leader of one people, ask the leaders of other peoples; must this be? Can we not by mutual good will spare humanity another war?"

Hitler was in seclusion in his summer home in the Bavarian Alps studying Germany's manifold problems, accentuated by the blood purging of Nazi ranks a week ago.

Another development was viewed as momentous: The two-edged indication of Michael Cardinal Faulhaber that he favored a Nazi-Catholic reconciliation without Catholic concessions.

"No one welcomes a demand from a high official source for simplicity and cleanliness," Cardinal Faulhaber said, discussing new instructions to Nazis.

Domestic problems demand attention so insistently, qualified observers said, that Nazi leaders take no chances on international friction to aggravate them or hinder their solution.

Economic Condition. Important among them is the economic condition, which is precarious by exchange and import problems, and threatened crop shortages.

Although Hess made peace overtures to France, his speech carried a defiant note to the world, he asserted, "against mistaking the Germany of today, the Germany of peace, for the Germany of yesterday—the Germany of pacifism."

"Let this be remembered: Despite our memories of the terrors of war, despite the fact that the younger generation wants war as little as does the older, the way is not open for a 'trot' into our country."

"The French trench soldier will especially understand us if we say to those who play with the idea of war: just you attack us, just you dare to march into Germany."

"The world would then learn to feel the spirit of new Germany. It would fight as no people ever yet fought for liberty."

French Cynicism. PARIS, July 9.—(P)—Cynicism appeared as the keynote of French reaction today to the olive branch waved by Germany.

Official comment was lacking, but political observers ascribed the gesture of friendship made by Rudolf Hess, Hitler aide, to two sources:

An effort to wipe out the memory of the bloody purging during the "second revolution," which has caused critical comment abroad.

The activities of Louis Barthou, French foreign minister who is in London reportedly to secure French financial assistance of aid in the event of an emergency—such as a war with Germany.

Editorial comment reflected skepticism of the sincerity of the overtures.

## RELIEF BOARD

(Continued From Page One)

quorum whenever one of them was unable to attend. Hussion stated when Johnson was reinstated recently that the majority would need to have its full force at each meeting or Johnson would be dismissed again. He declined today to withdraw the statement.

"I regret being a member of a commission that has gotten into such a 'shambles' as we have," Reed said. "I think the relief commission as a whole has made a terrible job of what we were assigned to do and should hang our heads in shame and apologize to the state for letting politics, and deep politics at that, enter into all our acts."

Johnson was removed as state relief director April 9 and replaced by Miss Marie Dresden, the commission's social service consultant.

Johnson's removal followed an attempt by Coke Stevenson, speaker of the Texas house of representatives, to force Hussion's removal from the board. Hussion's removal was recognized by the commission and Julius Dorensfeld, Jr., of Amarillo, named by Johnson to succeed Hussion, cast the vote that terminated Johnson's services.

Johnson was reinstated after the Texas supreme court ruled Stevenson's attempt to remove Hussion was illegal.

Hussion briefly recounted "rumor" personal changes made by Johnson immediately after he resumed office.

"One of them was a mother with three children whose services were not questioned," Johnson rose from the council and got his hat.

"Those statements are not true," Johnson challenged Hussion. "I have a right to hire people who suit me. I made no charges of any kind against those who were discharged. I am not an answerable member of the commission but only to the commission as a whole when it is legally in session. I didn't come up here to be lectured by you."

"Sit down, Mr. Johnson, I believe we can straighten this out," Hussion answered.

Johnson repeated he did not want to be lectured and walked out of the meeting. He previously had stated that he regarded the former dismissal as "water over the wheel" and pleaded for co-operation from the entire membership.

"I need it," Johnson said. "This thing is about to swamp us. I am not concerned about my job, but your co-operation and am begging you for it as long as I am here."

"Our forces are here ready to co-operate with you," Governor Miriam A. Ferguson interposed.

Hussion said he believed the "influences" around Johnson were such that it was impossible to keep politics out of the relief administration.

Hussion, only appointee of Governor Ferguson on the commission, said he would tender his resignation today to the governor. The governor said she could not decide immediately whether to accept it.

Reed to Submit Resignation. Reed said he would submit his resignation orally to Stevenson, who appointed him. Stevenson's other appointees are Harte and Holliday.

Giesecke, Brooks and Estes were appointed by Lieut. Governor Edgar E. Witt while Adams and Christman are statutory members, as chairman of the state industrial accident board and president of the Texas judicial council.

Giesecke said he would not vote to remove Johnson until one of Johnson's supporters decided that Johnson was not the man for director.

"The majority elected him in good faith and I voted against him in good faith," Giesecke said. "There is no need for all of the majority to be absent each time one must be absent. I do believe in that policy and will not take advantage of their absence. The responsibility for Johnson rests on their shoulders."

Governor Ferguson had the secretary read a letter from Christman stating he would be unable to attend the session and "saying that he had been advised that Estes, Adams, Holliday and Harte also would be unable to make the meeting."

"It strikes me as peculiar that so many of them find other engagements of more importance than their duties on the relief commission," Governor Ferguson wrote in reply to Christman.

## NRA PLANS

(Continued From Page One.)

A 50-page report, ordered by President Roosevelt, on salaries paid moving picture stars, is expected to be turned in soon.

Johnson's plans for his tour are tentative but NRA officials expect him to travel to the Pacific, beginning his speeches Wednesday at Waterloo, Iowa.

The five-man board will run NRA except for major decisions which Johnson must make under the law. On the board will be G. A. Lynch, NRA administrative officer; Robert W. Lea, assistant administrator for industry, and George L. Berry, A. R. Glancy and George Buckley, division administrators.

After the basic code for small industries has been promulgated, Johnson plans to put NRA's emphasis on compliance, and it is this job particularly which the board will have in its absence.

Enforcement Law Restrained. PORTLAND, Me., July 9.—(P)—Federal Judge John A. Peters, today issued an order temporarily restraining State and County officials from enforcing Maine's cosmetics law which levied registration fees on toilet preparations and required disclosure of their ingredients.

## MAKE THIS MODEL AT HOME

THE CORSICANA DAILY SUN DAILY PATTERN

## YOU'LL LOVE THIS IN A SHEER PRETTY COTTON!

Pattern 1925

by Anne Adams

When you have reached the point where you simply cannot withstand those pretty cottons in the shops - - - buy a few of them! Always, of course, presupposing that you have this smart easy-to-make pattern in your sewing machine drawer - - - or whenever it is you keep your pattern. It is pretty for a large design or for a small, neat one - - - and it is very pretty for a plain fabric as well. It goes together in just no time - - - and we are sure you will agree that it is charming with its graceful ruffles, slender panels and unusual neckline.

Pattern 1925 is available in sizes 14, 16, 18, 20, 22, 24, 26, 28, 30, 32, 34, 36, 38, 40 and 42. Size 16 takes 3.5-4 yards 39 inch fabric. Illustrated step-by-step sewing instructions included.

Send Fifteen Cents (15c) in coins or stamps (coins preferred) for this Anne Adams pattern. Write plainly name, address and style number. Be sure to state size.

The smartest warm weather fashions, the newest fabrics, and the summer season's outstanding accessories are illustrated and described in the New Anne Adams Pattern Book for Summer. Order your copy of this helpful New Summer Book. Price of book fifteen cents. Book and pattern together twenty-five cents.

Address orders to the Corsicana Daily Sun Pattern Department, 243 West 17th St., New York City.

## STATUS COUNTIES 6TH DISTRICT BE DECIDED TUESDAY

Congressman Luther A. Johnson reported Monday that status of the counties in the sixth congressional district in federal drought relief plans would probably be determined at a conference called by Dr. C. W. Warburton, relief head for the Department of Agriculture, in Washington on Tuesday.

This information was made public after the representative had forwarded a petition from Freestone county asking that the county be placed in the emergency division in order that distress cattle might be bought.

Mr. Johnson said he had been informed that the entire district was being considered at the conference and the future status of the area would probably be determined at the Tuesday meeting when reports from the field agents will be considered by the relief officials.

## Ford June Sales Highest In That Month Since 1930

CHICAGO, July 7.—(P)—World sales of the Ford Motor Company in June were the highest made in that month since 1930. It was announced today at the company's exhibit in a Century of Progress exposition.

World sales for June, 1933, were announced as 101,661. In June, 1933, sales were 58,543.

## CONFESSION

(Continued From Page One.)

period of more than eight years. "They were in on every job I was in," he said, "and every time they tried to put it off on me I got tired of it."

The county attorney quoted Riley as telling how he deceived his victims into the woods—Beasley and Watkins one night, Gann the next day—and there killed them with a shotgun.

"I do it again," he said defiantly.

Card of Thanks. We wish to thank those who were so kind to us following the tragic death of Mrs. E. W. Laester. We assure you that every manly act of kindness made our burden easier to bear and that we will always remember them. We also thank those who sent the beautiful floral offerings.

Mr. and Mrs. C. E. Allen.

## Notice

Mrs. S. C. Bagby, counselor for the second 1934 Texas Students' World's Fair Special, which will leave Dallas, July 31, on an 8-day expense paid trip, would like to get in touch with anyone contemplating attending the Century of Progress.

The trip is under the direction of Gwynne S. Curtis of Dallas, who took three large parties last year, and has just returned from a successful trip made June 20.

Anyone desiring to go by bus at an earlier date, July 20, may go with Bob Shivers' Travel Tour from Dallas. Mrs. Bagby is sponsor for these travel tours, and are conducted at two-week intervals by Mr. Shivers.

Phone or see Mrs. Bagby for further information. Rates are reasonable. Phone 2360. Residence 658 W. Fifth avenue.

## EUROPE

(Continued From Page One)

Sir John in honor of Barthou. The only person present not directly connected with the Anglo-French discussions was Arthur Henderson, president of the World Disarmament conference.

French circles expect Barthou and Norman H. Davis, American ambassador-at-large, to confer some time tomorrow.

Barthou's proposals to Great Britain were believed to include: 1. Great Britain should reaffirm its close friendship with France, consolidate it and give the French a feeling of security.

2. No political pact will be requested but technical collaboration should be guaranteed in the event Belgium is invaded again. (The request for technical co-operation was expected to be granted, since the general staffs of the two armies have been having discussions.)

3. The world disarmament conference should be moved here and consolidated with the 1935 naval conference, in view of the apparent failure of negotiations at Geneva.

Pattern 1925 is available in sizes 14, 16, 18, 20, 22, 24, 26, 28, 30, 32, 34, 36, 38, 40 and 42. Size 16 takes 3.5-4 yards 39 inch fabric. Illustrated step-by-step sewing instructions included.

Send Fifteen Cents (15c) in coins or stamps (coins preferred) for this Anne Adams pattern. Write plainly name, address and style number. Be sure to state size.

The smartest warm weather fashions, the newest fabrics, and the summer season's outstanding accessories are illustrated and described in the New Anne Adams Pattern Book for Summer. Order your copy of this helpful New Summer Book. Price of book fifteen cents. Book and pattern together twenty-five cents.

Address orders to the Corsicana Daily Sun Pattern Department, 243 West 17th St., New York City.

Wakefield said the robber asked for the keys to the lockboxes and the safe but did not threaten when the clerk explained he did not have them.

KILGORE, July 9.—(P)—The Panama Refining company was robbed of about \$900 early today by a masked man who threatened the refinery attendant with a pistol and escaped in an automobile.

Corporation Court. One charge of affray, two of intoxication, one of associating with a prostitute and one of vagrancy appeared on the docket of the corporation court Monday morning for the action of Judge Melear.

## ANGLIN WITHDRAWS FROM RACE FOR OKLAHOMA GOVERNORSHIP; MARLAND IS GIVEN NOMINATION

OKLAHOMA CITY, July 6.—(P)—Oklahoma, accustomed to political shocks, blinked today at the unprecedented beau geste of Tom Anglin, who withdrew from the democratic runoff primary, giving the nomination for governor to Congressman E. W. Marland, "new deal" candidate.

The choice of Governor "Alfalfa Bill" Murray, Anglin told the state last night:

"The first primary is over and Mr. Marland is leading by a plurality of approximately 50,000 votes. I cannot see my way clear to call upon my friends and supporters for additional sacrifices in a runoff campaign."

Anglin's surprising action, taken without "Alfalfa Bill's" public approval, climaxed a "band wagon" movement on Marland's behalf, in which Attorney General J. Berry King and State Senator John McDonald, two other candidates, were firm to join.

The latest tabulation of returns, incomplete and unofficial, gave Marland 146,362; Anglin 94,614; Jack Walton, who was removed as governor in 1932, 81,022; King, 65,197.

The Democratic gubernatorial nomination always has meant election but W. E. Pina, the Republican nominee, who won United States senate seat in 1924, commented:

"It makes no difference to us which one is nominated. You will see that later in the campaign."

With attention turning already to the general election, it appeared that the "New Deal" would be the prime issue rather than "Murrayism" with a sideissue the bitter personal enmity between Marland and his fellow-townsmen, Lew Wentz, Republican leader and millionaire oil man, who declared by last week that he would not choose Marland, his former friend, for any position of responsibility.

Republicans Outvoted. Marland, who won his congressional seat in the normally Republican

eight district two years ago after his oil fortune dwindled, was gratified to see his party outvoted in the G. O. P. in his district. The total Republican vote was 18,392, with W. J. Otjen of Enid, 3,603 votes, and T. J. Sargent of Newkirk, 3,527 votes, heading for the Republican runoff. The Democratic vote with 74 precincts missing surpassed the Republican total with 21,795. Phil Ferguson of Woodward and J. M. Gentry will compete for the Democratic nomination.

Representative Wesley Disney was renominated without a runoff in the first district; Josh Lee, popular University of Oklahoma public speaking professor, displaced Representative F. B. Swanik in the fifth district, but other incumbent congressmen went into the runoff at the top of the list.

Representatives Will Rogers, at large, who faces ex-Gov. Henry S. Johnston in the runoff; Wilburn Cartwright, third district, vs. C. C. Williams of Poteau; Jess Johnson, sixth district, vs. Toby Morris of Walters; Tom McKeown, fourth district, vs. District Judge P. L. Gassaway; Jim McClintic, seventh district, vs. Sam Maslin of Cordell.

In the remaining district, the second, Representative W. W. Hastings retired. Jack Nichols, Eufaula attorney, and Phil K. Oldham, Muskogee county attorney, will vie for the nomination.

MAC CRACKEN

(Continued From Page One)

returned to the senate rail investigating committee. Even if the papers had not been returned, he contended, the senate could not have inflicted punishment on his client.

On February 12, two days before the senate verdict, MacCracken was found guilty of contempt of court by O'Donoghue and fined \$100 for "knowingly and willfully practicing deception" in the obtaining a writ of habeas corpus.

MacCracken had insisted he was under arrest by Chesley W. Jurney, senate sergeant-at-arms, on a contempt citation, but Jurney denied he had "arrested" the lawyer.

Brittin served ten days in the district jail for destroying some papers the senate wanted.

Two others, Harry M. Manahan, president of the Western Air Express and Gilbert L. Glavin, Washington representative of Western Air Express, were acquitted by the senate at the time.

# HEAR - CLINT SMALL -

## On the Court House Lawn Wednesday, Night 8:30 o'Clock. Everyone Welcome

Senator Small is in full accord with every reasonable effort that is being made for the purpose of rehabilitating agriculture and industry, and restoring employment to the masses of our people. He advocates a safe, conservative and efficient government for Texas. He stands for the best ideals of our educational system, for an adequate system of State Highways, and for a revision of our State fiscal affairs in the interest of sound economy.

He advocates rigid law enforcement, the establishment of an adequate State Ranger force, and a drastic revision of the power of the Governor to grant pardons to those convicted of crime. He is sufficiently conservative to keep Texas on a sound basis, and sufficiently progressive to take advantage of every opportunity to revitalize our government in the interest of the masses of our people. Vote for him on July 28th.

# GOVERNOR OF TEXAS

Leading the Field of All Candidates and Gaining Strength Every Day in Every Section of Texas

State Senator Clint Small has had 18 years service in public activities. During that time none have ever questioned his honesty, integrity or ability. An enviable record such as that is a splendid recommendation for a man who aspires to be Governor of Texas. You can not go wrong by supporting this candidate for the high office of Governor. Texas needs just such a man at this time.

A VOTE FOR CLINT SMALL WILL BE A VOTE FOR SOUND PROGRESS AND A SAFE, EFFICIENT ADMINISTRATION THAT WILL MERIT THE RESPECT OF ALL FORWARD-LOOKING TEXANS

## JUST FOLKS

(Copyright, 1932, Edna A. Guest.)

### FORTUNE DIED A YEAR AGO

Fortune died a year ago.  
We who thought to miss him so  
Standing by his solemn bier  
Long have ceased to shed a tear.  
"Fortune dead and gone!" we  
sighed.  
"Lost are self-respect and pride!  
Lost is happiness!" but oh,  
Now we know that isn't so.

Fortune, the impostor, made  
Us of care and 1928 afraid.  
Told us having money meant  
Peace of mind and heart's con-  
tent.

By ourselves we've lived and found  
Footings on a firmer ground.  
Learned when trouble comes along  
There is joy in being strong.

Fortune died a year ago!  
It seemed hard to see him go.  
But without him we have learned  
How contentment can be earned.

### AS MANY VACATIONS AS POSSIBLE.

A New York pastor has  
been going some heavy  
thinking about vacations  
and has come out with sev-  
eral rather stern pronounce-  
ments. He says:

"No minister has a right  
to go away all summer with-  
out giving thought to the  
effects of his absence on his  
congregation.

"No employer has a right  
to take a vacation unless his  
employees receive wages  
that should enable them al-  
so to have some sort of one.

"No husband has a right  
to take one unless he can  
provide one for his wife and  
children.

"No man should spend  
money on a holiday if he  
doesn't know when he will  
be able to pay his bills."

It is easy to agree with  
the preacher on the prin-  
ciple of vacations for every-  
body if possible. But it  
would be foolish to agree  
that no one should have a  
vacation if anyone else is  
unable to do so. A vacation  
that has accomplished its  
full recreational purpose—  
giving the vacationist renewed  
health, inspiration, mental  
refreshment, a change of  
scene and ideas—is of ines-  
timable value not only to  
the fortunate one but also to  
those with whom he comes  
in contact when he is back  
on the job. This goes for  
congregations and preach-  
ers too.

It might be better to con-  
centrate on a constructive  
vacation policy—providing  
more and better vacations  
for more people every year  
—than a negative one of  
abolishing all vacations until  
the millennium arrives.

### COLD CURES.

Scientists are always dis-  
covering, and then undiscover-  
ing, facts about colds.  
Their latest discovery is that  
the "common cold" is prob-  
ably not a germ disease af-  
ter all. There may be germs  
connected with it, as it de-  
velops but that there are  
specific germs which direct-  
ly produce it is not proved.

Professor William J. Kerr  
and Dr. John B. Lagen of  
the University of California,  
in a report to the American  
Association for the Advanc-  
ement of Science, say  
they have failed in efforts  
to transmit colds by inocu-  
lation from persons actually  
suffering from colds, or to  
produce them by exposure.  
They say the disease re-  
sults apparently from in-  
ability of the body to adapt  
itself readily to changes in  
temperature, humidity and  
so on. Patients known to be  
very susceptible to colds  
could not be made to catch  
it when put in isolated  
rooms along with infected  
persons, if the room was  
controlled as to tempera-  
ture and humidity. They  
conclude that though bac-  
teria may cause "secondary  
complications," this disease  
itself is probably not a germ  
infection and, not infectious  
to others.

Puzzled laymen may con-  
clude that a cold is some-  
thing that you either get or  
don't get, and that there  
isn't much you can do about  
it. The latter conclusion, at  
least, would be wrong. Pre-  
ventive measures can be  
taken. It is well known that  
sunshine and fresh air, ul-  
tra-violet light and vitamin  
D, found in cod liver oil and  
other substances are good  
preventives.

The announcement of a  
"land cruiser" makes a fel-  
low wonder why some au-  
tomobile company doesn't  
make just that—a real tour-  
ing car that is light and fast  
and has a bunk or two for  
sleeping.

## JULY

—By Clive Wood

### TO START BUILDING AGAIN

The signing of the new  
housing bill by the Presi-  
dent was followed immedi-  
ately with a 10 per cent re-  
duction in prices by the Na-  
tional Retail Lumber Deal-  
ers' Association. This is  
good team work, which  
might be followed patri-  
otically and profitably by  
other groups of the building  
materials industry. Such  
reductions should soon justify  
themselves, as new construc-  
tion gained headway, and  
they would provide much of  
the initial impetus.

The housing measure sup-  
plements other recent ac-  
tions of Congress aimed at  
getting into normal action  
again a big key industry.  
There is a vast housing  
shortage and present homes  
are badly run down. The  
purpose of this act is to  
stimulate construction, start-  
ing with the modernization  
of existing houses. The gov-  
ernment establishes new ma-  
chinery for financing. It  
permits the organization of  
national mortgage compa-  
nies, and provides insurance  
up to 20 per cent of out-  
standing loans for them or  
other institutions lending for  
such construction work.  
Credit for building new  
homes is to be provided on  
an easier plan than any in  
the past.

General activity in this  
field would so stimulate  
dozens of other industries  
as to clinch all-round recovery.  
It is imperative, though,  
that costs be kept as low as  
possible. Building stopped  
chiefly because it was too  
expensive.

### THE SMOLDERING SMOKE

Where there's smoke  
there's fire. Of modern fire  
hazards the cigarette is the  
worst offender because so  
many smokers throw it  
away unextinguished.

A volunteer reformer sub-  
mits a drastic suggestion.  
Observing that a cigarette  
burns like punk until it is  
entirely burnt up, and that  
the effect is disastrous when  
smokers, as they often do,  
throw their burning stubs in  
to waste baskets, awnings  
and dry grass in the woods,  
he says: "If you can't put  
your foot on a cigarette stub,  
swallow it."

Two or three swallowings  
would lead to more careful  
habits.

In lieu of any such gen-  
eral reform, couldn't the man-  
ufacturer do something  
about it? It might be good  
strategy to produce cigarettes  
that would burn out com-  
pletely by the time they  
were reduced to the length  
of an ordinary stub. That,

### MORE PROFESSORS

Secretary of the Treasury  
Morganthau, ignoring the  
recent flurry of hostility  
against the "Brain Trust,"  
has started forming a minor-  
ity of his own. He appoints  
a group of 14 economics  
professors to study matters  
with which the Treasury is  
directly concerned, such as  
revenue, banking, taxation  
and credit under the new  
laws, and to report to him  
in the fall with legislative  
suggestions.

These men, taken from  
various prominent institu-  
tions of learning are said to  
be "the largest single array  
of professional talent in a  
single government depart-  
ment."

There will be criticism, no  
doubt. The public, however,  
is getting used to this sort  
of thing; perhaps we should  
say, getting hardened to it.  
Twenty years ago even one  
professor in a federal de-  
partment caused consterna-  
tion.

There is a growing ten-  
dency to be philosophic  
about this sort of thing. Pro-  
fessors are seldom approved  
by the public for execu-  
tive positions, but are re-  
garded as comparatively  
harmless, and sometimes  
useful, when they merely  
give expert advice to re-  
sponsive executives.

### DIAMONDS.

One of the most convinc-  
ing signs of general business  
improvement is that the jew-  
elry business is getting bet-  
ter. It was the first to feel  
the depression and the last  
to recover, says a jeweler.  
Two or three years ago its  
wreckage was strewn far  
and wide. Many an institu-  
tion with a proud record of  
40 or 50 years' success was  
ruined. Now people are buy-  
ing again.

"Diamonds continue to be  
the best investment," says  
an expert who specializes in  
"virgin stones," straight  
from the mines. He thinks  
there will soon be a big de-  
mand for them and it will  
steadily improve. Women  
are buying them now, and  
men who lack money will  
be doing so as soon as they  
are able.

These forecasts sound  
logical. People are coming  
to have more appreciation  
of golden jewelry since they  
are not allowed to have gold  
coins any more. And jew-  
els, especially diamonds, at-  
tract both the beauty lover  
and the investor all the  
more when money values  
are uncertain.

surely, is not beyond the  
power of the human intel-  
lect.

### CHEERFUL FOR LANDLORDS

The National Association  
of Real Estate Boards, meet-  
ing in Minneapolis, decided  
that the turning point has  
come in the real estate busi-  
ness. Attendance was the  
largest in four years.

"By 1937 or 1938," they  
were told by one of their  
experts, "we shall have a  
building boom in this coun-  
try equaling or exceeding  
the last boom." Though con-  
struction costs will advance,  
rentals will advance still  
more, he thinks. Residential  
rents will double and values  
will increase 50 per cent.

Many a worried landlord,  
unable to get from his ten-  
ants enough to pay taxes  
and mortgage interest, will  
be glad to hear this cheer-  
ful prophecy. Landlords or-  
dinarily are not objects of  
sympathy, but few will  
grudge them better luck  
than they have had lately.

As people begin saving a  
little money again, they  
want to know what to invest  
in. Don't overlook real es-  
tate in spite of its defects.  
When assets begin evaporat-  
ing, frozen ones last longer  
than liquid ones.

Economic thinkers and  
kickers might use a little  
mental energy on what  
we're going to do in the  
second depression from now.

There are reports of "a  
swing toward the Kaiser" in  
Berlin. But he'd better look  
a little out. If he goes back,  
he himself may swing.

Having tried nearly every-  
thing else, Germany may try  
royalty again. A Hohenzol-  
lern would be a hair of the  
dog that bit her.

### MISS CLARA DALEE, STATE HOME TEACHER, BURIED IN DENTON

Miss Clara DaLee, who had  
been the past few months at  
the home of her brother, H. L.  
DaLee in Denton, died there Tues-  
day night. For the past seven  
years she had taught in the State  
Home High school here in Corsi-  
cana.

Miss DaLee was born in Tupo-  
lo, Miss., May 10, 1881. She re-  
ceived her B. A. degree from John  
Tartleton College, Stephenville,  
Texas, and her Masters' degree  
from S. M. U., Dallas.

She is survived by her brothers,  
H. L. DaLee, Denton, and M. I.  
DaLee, Oklahoma City; a sister,  
Mrs. Marie Davis, Ardmore, Okla.,  
and two half-brothers, Frank and  
Richard DaLee of Tupelo, Miss.

Mrs. John Starnie, who was for-  
merly Alois DaLee, is a niece of  
Miss DaLee. Mr. and Mrs. John  
Starnie and Mrs. Margaret Gar-  
lity went from Corsicana to at-  
tend the funeral which was held  
Thursday morning with burial in  
the Odd Fellows cemetery at Den-  
ton.

## LARGE NUMBER MEN GET EMPLOYMENT AS RESULT PWA GRANTS

OVER MILLION AND HALF DOLLARS ALLOTTED IN THIS DISTRICT

Approximately 200 men  
will be given employment  
on the projects for which  
\$137,000 PWA funds have  
been allotted in Navarro  
county, and work will start  
in about 30 to 45 days ac-  
cording to Ray W. Morgan,  
director of the District National  
Re-employment office in Corsicana.

Work for more than 1000 men  
and over a million and a half  
dollars have been allotted or is  
pending on projects in the dis-  
trict office the director said.

In Navarro county, Kerns has  
received \$83,000 for waterworks  
improvements that will give em-  
ployment to about 100 men; at  
Dawson another waterworks pro-  
ject has been allotted \$54,000,  
and will require about 100 men.  
A project for the Corsicana high  
school gymnasium and football  
field amounting to about \$30,000  
is now pending before the Wash-  
ington office.

Projects Approved.  
In Freestone county the follow-  
ing projects have been approved:  
Fairfield, waterworks \$128,000,  
about 200 men.  
Fairfield, school, \$22,000, about  
50 men.

Streetman, waterworks, \$36,000,  
about 75 men.  
Teague, waterworks extension,  
\$75,000, about 100 men.

A postoffice at Teague is now  
pending and will probably amount  
to about \$80,000 and use about  
50 men.

Construction has also been  
started on the Highway 22 bridge  
in Freestone county, to cost  
about \$81,000.

In Madison county the follow-  
ing projects have been allotted  
funds:  
Midway school, \$80,000, about 50  
men.

Madisonville, waterworks, \$40-  
000, about 75 men.  
Madisonville, high school gym-  
nasium \$40,000, about 40 men.

Leon County.  
Two projects in Leon county,  
one at Bufffield and another at  
Normangee, and calling for ex-  
penditure of \$63,000 are pending,  
and about 100 men will be  
used on an approved waterworks pro-  
ject at Marquez calling for ex-  
penditure of \$29,000.

Limestone county has only one  
approved project, and under con-  
sideration, a rural school, with \$8,000 ap-  
propriated.

### LOCAL ODD FELLOWS INSTALL OFFICERS THURSDAY NIGHT

The following officers were  
formally installed Thursday night  
by the Corsicana Lodge No. 63,  
I. O. O. F. for the ensuing six  
months term:

Ira V. Redden, noble grand;  
Edward Park, vice grand; J.  
E. Redden, warden; L. M. Jones,  
conductor; W. A. Gieringer, inside  
guardian; S. N. Georges, outside  
guardian; J. J. Milton, right sup-  
porter to noble grand; W. H.  
Hayes, left supporter to noble  
grand; Wm. A. McChesney, right  
supporter to vice grand; T. E.  
Henderson, left supporter to vice  
grand; J. D. Sachse, chaplain;  
J. V. Lazarus, right scene sup-  
porter; J. H. Roberts, left scene  
supporter.

W. J. Lunn, secretary, and Dr.  
E. A. Johnson, treasurer, are hold-  
over officers.

### FRANCE MAY GET BRITAIN'S AID IN MATTER OF BELGIUM

By HAROLD P. BRAMAN  
Associated Press Foreign Staff.  
LONDON, July 6.—(AP)—Techni-  
cal collaboration from Great Brit-  
ain in the event Belgium is ever  
invaded is about all that France  
is asking of England, and indica-  
tions are that she may get it,  
the Associated Press was infor-  
med today.

France has not asked and does  
not expect it, was learned, any  
sort of political or defensive alli-  
ance with Great Britain, not be-  
cause the French would not want  
it, but because months ago Brit-  
ain plainly informed Paris that  
the Locarno pact was the only  
one to which she wished to ad-  
here.

The technical collaboration  
would consist of purely military  
co-operation which is a matter af-  
fecting the general staffs of the  
two nations' military forces, and  
not a political point.

In return for technical co-opera-  
tion, France would have to di-  
vorce herself entirely in any mili-  
tary way from the Belgian gen-  
eral staff. The French defense policy on the  
basis of a strictly neutral Belgium.  
The recent visit to England of  
General Maxime Weygand and of  
British general staff officers to  
France were the first steps taken  
in a tentative co-operation pro-  
gram, an informant stated.

District Clerk's Office.  
The following cases were filed:  
Mrs. Willie Dee Deakin vs. Al-  
ton E. Deakin, divorce.  
Marriage License.  
R. A. Matthews and Bessie Lu-  
line Leckie.

Warrant Deeds.  
O. C. Browne to Guy Titus, lot  
8, block 14, Booker Heights addi-  
tion, Corsicana, \$30 and other  
considerations.  
J. W. Innon et ux to Alvin In-  
ton, lot 1-2 lot 1, block 48,  
Ketchum, \$300.

Justice Court.  
Four were fined on drunkenness  
charges and one on a complaint  
for affray Thursday by Judge  
M. Bryant.

## TEXAS CENTENNIAL HEADQUARTERS ARE OPENED THIS CITY

Texas Centennial publicity  
headquarters were opened today  
in Corsicana at the Chamber of  
Commerce, Lowry Martin, pub-  
licity chairman, announced.

Harry Howard, local chamber  
of commerce secretary, will be of-  
fice manager, and the entire per-  
sonnel of the bureau will be made  
public in a few days.

Erle Racy, well known adver-  
tising executive, Dallas, was in-  
vited to the city today con-fer-  
ring with Martin and Howard and  
will make his headquarters here for  
the next sixty days as a member  
of the publicity personnel.

The local chamber of commerce  
volunteered office space free for  
the bureau and a part of the  
chamber quarters will be fitted up  
especially to accommodate this  
important cog in the Centennial  
machinery.

Minor details and policy have  
been worked out and the bureau  
is expected to be operating in  
full blast by Monday of next  
week.

Chairman Martin has just re-  
turned from Austin where he con-  
ferred with state officials who  
promised fullest co-operation in  
the preliminary plans to acquaint  
Texans with the Centennial.

Headed for Chicago.  
W. T. Schmitt of Blooming  
Grove, left Corsicana early Friday  
morning for Chicago to visit the  
Century of Progress. He will make  
the trip on a bicycle. He recently  
returned from a trip to Flor-  
ida and other Southern states, on  
the bicycle. When he returns he  
expects to go to Old Mexico.

## FEDERAL GRANT OF HALF BILLION URGED FOR PUBLIC SCHOOLS

NATIONAL EDUCATION AS-  
SOCIATION AGREED TO SEEK  
FUND FROM CONGRESS

WASHINGTON, July 6.—(AP)—A  
federal grant of at least \$500,000,  
for public schools was advocat-  
ed today by the National Educa-  
tion Association.

The association's annual conven-  
tion agreed to seek such a fund  
from the next congress, and ad-  
vised that federal aid should not  
carry with it "federal control of  
the schools."

A proposal that the money be  
distributed to all school districts  
according to the number of stu-  
dents in regular attendance and  
the lack of other adequate tax  
resources was adopted.

The convention rejected a state-  
ment suggested by its resolutions  
committee which said:  
"The National Education Asso-  
ciation maintains that a govern-  
ment that can appropriate nearly  
two billion dollars for military  
and naval purposes should make  
adequate provisions for the sup-  
port of public education."

This was criticized in discus-  
sions as needlessly offensive to  
the federal government.

After being told an American  
brand of Fascism and Nazism is  
trying to defame the public schools  
of 100 countries, the association  
called a series of mass meetings next  
November to urge adequate fi-  
nancial support of the nation's  
educational system.

It adopted a resolution by Mrs.  
Helen M. Reuben, Chicago High  
school teacher, proposing that  
parents, teachers and children or-  
ganize meetings from Nov. 5 to  
11, to impress "the entrenched  
forces now attacking the schools."

## Little Girl Died Here; Burial Take Place Prairie Point

Helen Faye, eight-year-old  
daughter of Mr. and Mrs. E. E.  
Redford, died at the home of her  
grandmother, Mrs. J. J. Jettson,  
508 North Eighteenth street,  
Thursday morning at 8:30 and  
funeral services were held Friday  
afternoon at 2 o'clock with burial  
at Prairie Point cemetery.

Surviving are her parents, two  
sisters, two brothers and other  
relatives.  
Stockton Funeral Home of Ker-  
ens had charge of the services.

By EDNA KENT FORBES

All requests for beauty information desired by Edna Kent Forbes column followers must be accompanied by a fully self-addressed, stamped envelope (a.s.e.) and two cents in stamps to cover cost of printing and handling. For the illustrated pamphlet, "BEAUTY," tea costs as a bonus will fully a.s.e. must be enclosed. Address Miss Forbes in care of this paper.

## THAT HOLLYWOOD MAKE-UP

## THE NEW MAKEUP

Miss Forbes tells you how to combine two creams to make yourself the new and expensive Hollywood facial makeup. Try this today.

Last week I said I would tell you more about the new luminous makeup, which is one of the new features of Hollywood. It is a thick, sticky cream, which you spread over your face. After a thorough cleansing with a light cleansing cream. It comes in several colors, from a peachy cream to a deep sunburn, and after it has been on the face a few minutes, it dries. But it dries leaving a rather attractive shine over the face. These highlights on the face are most becoming for sunny days, and for sports clothes or for beach clothes. E. K. Forbes. They make a thin face seem rounder, and they bring out the nicest points of any face.

I suggested, then, creaming the face and powdering only a few spots—notably the tip of the nose and around the hair, to imitate this effect. Here is a better way: Buy yourself a stick of theatrical makeup, choosing whichever of the fresh shades suits your skin best. Only get it a shade or so darker.

Slice this up into bits, and mix with ordinary cleansing cream. The amounts would vary—about equal parts cream and makeup stick would generally do. But you would need less of a thin cleansing cream, and more of a thick one. Try first mixing a half ounce or less of each, then you can tell whether you need more cream or more make-up stick. You must warm and melt these.

This gives a cream which spreads over the face, and dries on. It gives you something which can be used at luncheon, and sally forth in for a sun bath, and be the envy of your friends. This comes off with ordinary cleansing cream, or with hot wa-

ter and soap. The best way is to remove what you can with cream, then hold your face cloth wrung from water, quite hot water, over the skin, to open the pores and make them completely clean.

## Tomorrow—To Avoid Dieting

## J. M. Dyer Company To Open Complete Shoe Department

A complete shoe department will be opened by the J. M. Dyer Company about August 10, according to an announcement made Saturday by J. M. Dyer, Jr. Buyers are now in the markets and a large, complete stock of high grade shoes for men, women and children will be added by the Corsicana establishment.

The ladies and childrens department will be located on the mezzanine floor, while the mens' division will be located in the rear of the clothing department on the first floor.

Mr. Dyer stated positively that the products of a number of the leading manufacturers would be carried, and that a complete line would be carried at all times. He denied that the department had been leased to some shoe concern for operation.

Sick and Convalescent.

The condition of Mrs. George Daniels, who is critically ill at the Corsicana Hospital and Clinic, was reported to be unchanged Saturday afternoon.

Herschel I. Rush, I. O. O. F. school principal, who underwent a major operation Thursday at the P. and S. Hospital, was reported Saturday afternoon to be resting fairly well.

Paul Robeson, who was operated upon recently at the P. and S. Hospital for appendicitis, was reported Saturday to be doing very well.

# FOXX AND JOHNSON ON HOMER RAMPAGE BUT ATHLETICS LOSE

## GIANTS INCREASE LEAD TO TWO FULL GAMES; PAUL DEAN IS TROUNCED

By HERBERT W. BARKER  
(Associated Press Sports Writer)

Jimmie Foxx and Bob Johnson hit home runs, but the Philadelphia Athletics steadily are losing ball games, more proof, were any needed, that major league pennants can't be won without pitching.

Foxx went into the lead in the home run derby by blasting Nos. 25 and 26 and Johnson boosted his total to 25 yesterday while the Athletics dropped two games to the Boston Red Sox and fell a bit deeper into seventh place in the American League. The twin-Athletic sluggers picked the first game for their home run show but Boston won the game easily 7-4, although outbatted 12 to 7. Ed Dietrich, pitching for the A's, allowed only seven hits but walked nine men and hit one. The second game was a 7-2 romp for the third place Red Sox.

### No Change Leaders.

There was no change in the relative standing of the two leaders. The New York Yankees topped the Detroit Tigers, both of whom won. Celebrating his 21st year in the game, Babe Ruth drove in four runs with his 13th homer and a double as the Yankees topped the Washington Senators, 6-3. Two costly errors by Oscar Melillo, two singles and a pass with the bases filled, gave Detroit three runs in the ninth and a 5-4 victory over the St. Louis Browns, thus keeping the Tigers within half a game of the Yankees.

Consolidating their hold on fourth place, the Cleveland Indians won their first double header of the year, beating the Chicago White Sox, 5-1 and 10-6 behind Willis Hudlin and Monte Pearson. Fitzsimmons Gets Shutout.

Fred Fitzsimmons pitched the New York Giants to a 2-0 shutout victory over the Brooklyn Dodgers, thus boosting the Terrymen's National League lead to two games over the Chicago Cubs.

The St. Louis Browns, thus keeping the Cubs came back with a 16-hit barrage in the nightcap that earned for them a 12-3 decision over the fourth place Pittsburgh Pirates.

Harry Dean fanned 10 men as the New York Cardinals stopped Cincinnati, 6-1, in the first game of a twin bill but Brother Paul was soundly shellacked in the second, 4-1.

Euel Moore, up from Baltimore, made an auspicious debut as he pitched the Phillies to a 5-3 decision over the Boston Braves.

# ARLINGTON CLASSIC WILL DECIDE TITLE OF THREE-YEAR OLDS

## CAVALCADE, HIGH QUEST, DISCOVERY AND PEACE CHANCE LEADERS

By CHARLES DUNKLEY  
(Associated Press Sports Writer)

CHICAGO, July 9.—(P)—The three-year-old championship of the American turf will be decided beyond all question of a doubt, if any exists, with the seventh running of the \$45,000 Arlington classic at Arlington Park next Saturday.

The prospective field shapes up with 12 starters, but with the "Big Four" naturally dominating for the mile and a quarter test they are:

Mrs. Isabel Dodge Sloane's Cavalcade, winner of the Kentucky Derby, American Derby, Detroit Derby and Chesapeake stakes, and second, beaten by note by his stable mate, High Quest, in the Preakness.

Joseph B. Widener's Peace Chance, winner of the Belmont stakes in the fastest time in the history of the mile and a half race.

Alfred G. Vanderbilt's Discovery, victorious in the Brooklyn Handicap, and second in the Kentucky Derby, American Derby and third in the Chesapeake stakes and Preakness.

Mrs. Sloane's other three-year-old star, High Quest, winner of

# Kid Chocolate To Test Comeback Power

NEW YORK, July 9.—(P)—Just how far Kid Chocolate can progress on the comeback trail may be shown this week.

The Cuban, knocked out by Frankie Kluck and Tony Cazorero, striped of his featherweight title claims and apparently all "through" last summer, has been fighting his way back into condition the past month or so. The most important test of his bid to regain his former prestige takes place tonight at Ebbets Field, Brooklyn, Wednesday night. In a ten-round bout at Ebbets Field, Brooklyn, Wednesday night, Hayes ranks as one of the best of the 126-pounders and Chocolate will need all his old skill to win.

Otherwise, the National Boxing program is marked by another non-title engagement for Maxey Rosenberg, light heavyweight champion. Maxey will meet Lee Ramage, San Diego heavyweight, at Los Angeles tomorrow night.

Leou Brouillard of Worcester, Mass., former welterweight champion, meets Al Gainer, New Haven light heavyweight, in Gainer's home town Thursday.

# Step-Daughter Is Charged Slaying Of Houston Man

HOUSTON, July 9.—(P)—Investigation of the fatal shooting of Tom B. Moore, 44, a grocer, continued today as his step-daughter, Mrs. Linna Bess Hurst, stood charged with his death.

Mrs. Hurst told officers that she shot Moore after he had threatened to kill his estranged wife, and Mr. and Mrs. Hurst in an argument over the division of property between Moore and his estranged wife.

Mrs. Hurst said she shot Moore when he said he would kill her mother.

"Go ahead and shoot, or I'll beat you to it," Mrs. Hurst said Moore told her.

The Preakness, Wood Memorial stakes and second in the Belmont.

The other starters possibly will be Gallant Mac, Riskulus, Pilgitt, Howard, Thomasville, New Deal, Rose Cross and Patchpockets. The game little filly, Mata Tori, which challenged Cavalcade three times this year will probably be among the missing when the star colts line up for the classic.

For the last six years the Arlington classic has decided the three-year-old championship, except possibly the year when A. C. Bostwick's Mate beat Twenty Grand, and the argument as to which of the two colts has the best history of the mile and a half race.

Our Reputation for selling the highest grade meats obtainable is a cherished possession. Quality is what holds our customers. Prompt delivery. Just phone us. Reasonable prices. LEVI BROTHERS MARKET

# BELL AND PHILLIPS STANDOUTS SUNDAY IN TEXAS LEAGUE

## EXPORTERS STOP MISSIONS; HERD DIVIDES BARGAIN BILL WITH INDIANS

By FELIX R. MCKNIGHT  
Associated Press Staff Writer

Two young men tagged for shipment to the major leagues—Beau Bell, Galveston's clouting outfielder, and "Red" Phillips, Beaumont hurler—again blinked under the spotlight in Sunday's Texas League games.

Bell, Husky former Texas Aggie Athlete and leader in four departments of the Loop's statistics, batted a triple, a double and a single in the game which Galveston won from Houston, 3-2. His tenth inning double, followed by Tony Governor's single, broke up a sweet pitcher's duel between Jimmy Walkup and Mike Cvangros, veteran Buff twirler.

Phillips, putting his fourteenth victory of the season in the record book, also had the pleasure of driving in the winning run in the 1-0 decision Beaumont grabbed from the pace-setting San Antonio Missions. Phillips scattered ten bingles, with Morgan accounting for all but one, continued to climb up among the league's leading swatters.

The Dallas Steers put on two fine rallies to cop the second game of a double bill from Oklahoma City, 8-6, after dropping the first, 4-3. Five runs in the fourth inning, the Steers scored and then the steers went on to shove across two in the ninth to win. Herb Kelly, Indian outfielder, fractured his leg when rounding first base after cracking out a double, and will be on the shelf probably for the remainder of the season.

Chief Rudy York, the Fort Worth Panther's slugging Indian gardner, sailed one far out of the lot to give the Cats a 3-2 decision over the Tulsa Oilers.

# RIG BUILDERS AND CONDUCTORS PLAN MEETING TUESDAY

LONGVIEW, July 9.—(P)—Striking rig builders and their contractor employers gathered today in preparation for a meeting tomorrow night at Kilgore when their differences will be aired.

L. M. Will, member of the Petroleum labor policy board of the department of the interior, maintaining a strictly neutral policy, will act as arbitrator at the meeting.

Five hundred East Texas rig builders are effected by the strike A. C. Callahan, secretary of the Rig Building Contractors' Association, said. They are demanding a daily wage increase of \$2 above the scale up to \$12 for rig builders and \$14 for "crew pushers."

Strikers said they would return to work when contractors agreed to the demands.

## ABSENTEE VOTING STARTED IN TEXAS MONDAY MORNING

By R. W. BARRY  
Associated Press Staff Writer

AUSTIN, July 9.—(P)—The first ballots in Texas' Statewide democratic primary will be voted today.

Absentee balloting will be permissible and continue until July 28 in the primary which will decide the runoff candidates on July 28.

The real campaign will be waged by the candidates from now on out.

The principal interest, of course, centers in the gubernatorial campaign as it always has.

The seven aspirants have been on the job for many days and they expect to stay in there until the votes are counted.

Here is the lineup for the Monday gubernatorial and all others:

For governor: C. C. Small, afternoon Temple, night Austin; Edgar E. Witt, afternoon Buffalo; night Franklin; Edward C. Russell, Fort Worth; C. C. McDonald, afternoon Decatur, night Sherman; James V. Allred, afternoon Vernon, night Wichita Falls; Tom F. Hunter, El Paso; Maury Hughes, Houston.

For United States Senator: Tom Connally Brownwood; Joseph W. Bailey, afternoon Orange and Liberty, night Beaumont.

For Attorney General: Clyde E. Smith, afternoon, Bowie, night Wichita Falls; William McCraw, Henderson; Walter Woodward, Bellville, Brenham, LaGrange.

Following is the box score, as reported for the Daily Sun by Pat Mullin, official scorer:

Coriscana—AB R H PO A E

# EMHOUSE WOMAN WAS BURIED IN PATTISON CEMETERY SUNDAY

Funeral services for Mrs. Mary Lucille Mitchell, 62, wife of L. V. Mitchell, who died at the family home in the Emhouse community Saturday night at 8:30 o'clock, were held from the tabernacle at Emhouse Sunday afternoon at 3 o'clock with burial in the Pattison cemetery.

Surviving are her husband, three sons, C. G. Mitchell, Dallas; and J. A. and Huey Mitchell, both of Emhouse; and three daughters, Mrs. Chester Vise, Alma; and Misses Mildred and Fern Mitchell, both of Emhouse. The funeral was directed by the Corley Funeral Home.

# Nazarene Revival Starts Off Well

The revival at the Church of the Nazarene started off well. Two were saved last night. Rev. Casey Grimes and wife of Dallas are the evangelists. They are counted among our best soul winners. Mrs. Grimes gave a great message last night from the subject of "Obedience." We are expecting a great number to be saved, for there are many to be saved. You are invited to come and hear them every day at 7:45 p. m. Our church is on First avenue and Ninth street.—W. M. Burgess.

# WOMAN DIED HERE SATURDAY AT AGE NINETY-FIVE YEARS

Mrs. Myra Eliza Clark, aged 95 years, died at the home of her daughter, Mrs. T. E. Blissett, 811 East Ninth avenue, Saturday afternoon at 3:30 o'clock after an illness of six months. The funeral was held Sunday afternoon at 3 o'clock from the Eleventh Avenue Baptist church with burial in the White's church cemetery near Blooming Grove. The rites were conducted by Rev. Joe E. Glenn, pastor of the Eleventh Avenue church. Mrs. Clark was a native of South Carolina and had resided in Navarro county for the past twenty years.

Surviving are a son, J. M. Clark, Los Angeles; two daughters, Mrs. Elissett, Corsicana, and Mrs. W. E. Spain, Blooming Grove; and a number of other relatives.

The funeral was directed by the Corley Funeral Home.

# Richland Meeting Closed Saturday

The open air meeting which has been in progress for two weeks at Richland came to a close Saturday night, resulting in 33 being baptized. The minister, J. Lee Hines, is in a meeting at Bartwell, which began Sunday morning with a large crowd. The local work will be carried on with local talent until Mr. Hines returns August 12.

# COMPLETE OPTICAL SERVICE

The fitting of glasses is an art, demanding first, a thorough knowledge of optical requirements—that the vision may be accurate and comfortable. Second, skill and a sense of fitness, so that the glasses may rest comfortably and be becoming. Glasses fitted by us are comfortable and attractive!
